Jeppview Program Disk

Free Download

A program CD that installs the JeppView PC program on your computer for pre-flight chart reviews.

Follow the instructions in the troubleshooter If you cannot install a program, insert the installation disc for the program and, using the troubleshooter, browse to the program's setup file, usually called Setup.. 2 I suggest you to install the program in vista compatibility mode and check if it helps, here are the steps: Open the Program Compatibility troubleshooter by clicking the Start button, and then clicking Control Panel.. Microsoft is providing this information as a convenience to you Microsoft does not control these sites and has not tested any software or information found on these sites; therefore, Microsoft cannot make any representations regarding the quality, safety, or suitability of any software or information found there.

Anybody seen anything like this before? Can somebody please offer me an idea on how to fix it? Hey Paul, • Which version of Jeppesen Services Update Manager (JSUM) are you trying to install? Note: If you are trying to install JSUM version 2.. Oddly enough, Jeppesen's JeppView program installed and operates 100% normally on this system.

I have upgraded a Dell XT with a 32GB SSD and Windows 7 64-bit Pro The Win7 disk I had was a collegiate 'upgrade' disk, so I did a base-level install of 32-bit Vista Business (OS on the 'old' hard drive) onto it before doing a custom install of Win7.. 2 and if you have an older version of JSUM on your computer, you must first uninstall it before installing version 2.

exe, Install exe, or something similar The troubleshooter is not designed to work on programs that have an.. but when I try to run this program, the little wheel spins for approx 5 seconds then stops, and the program does not open! I've tried deleting & reinstalling JSUM MULTIPLE times, formatting my HD and installing Win7 again before installing JSUM, and even downloaded the program to my desktop to ensure it was their Win7 64-bit compliant version (it was).. msi file name extension If nothing helps, we would suggest you to contact Jeppesen support as they would be able to assist you better on this.. In the search box, type troubleshooter, and then click Troubleshooting Under Programs, click Run programs made for previous versions of Windows.. I am a pilot and one of the programs I use is Jeppesen Services Update Manager Once I got Win7 installed on this computer, I downloaded JSUM and installed it; all appeared to go normally.. Direct download via magnet link Notes for Zip Disk and USB Flash Memory Drive users.
